

TReeS News No.56

(UK supplement)

This is the first TReeS Newsletter to be compiled in Peru by the TReeS Peru team. We hope that in future Newsletters will be produced this way with a TReeS UK supplement

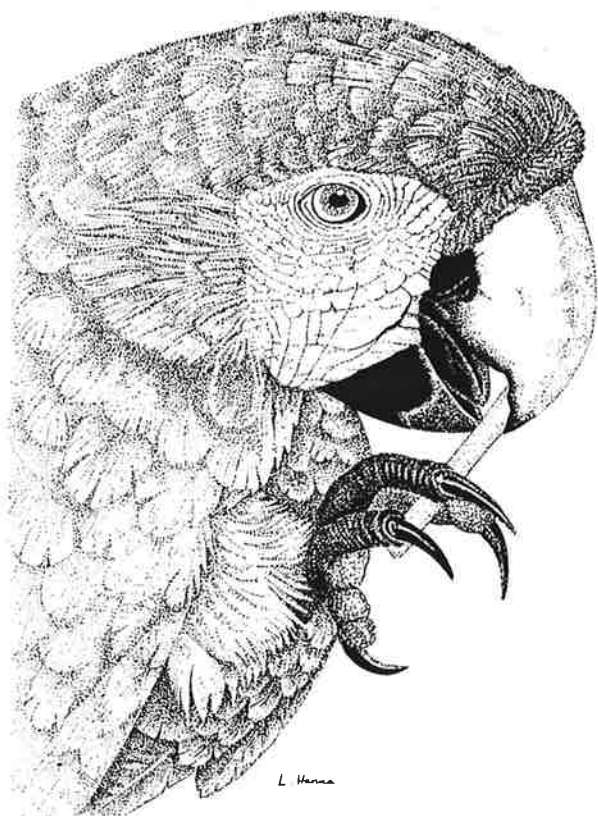

Our thanks go to The Network Foundation whose financial support has greatly enhanced our administrative capacity within Peru both in terms of disseminating information, for example through the new Newsletter and in processing new project proposals.

We are also very pleased to have a high profile sponsor in **Journey Latin America** for the first edition of the new format Newsletter. This is the second time that **JLA** have supported the TReeS Newsletter.

TReeS Meeting -

Further details will be given about TReeS meetings in the next Newsletter. The TReeS AGM is likely to be held at the end of October/early November.

We very much hope that at one of the meetings in the Autumn Dr Michael Alexiades will speak about the recently published *Ese'aja* bilingual health manual and the *Ese'aja* ancestral territories reconstruction project.

TReeS UK Libraries -

London Library - Please note that the London library is temporarily closed while a new home is found for it. We hope that a new location will shortly be identified but we would still like to hear from any members who can suggest somewhere in central London where access can be offered Monday-Friday (10am-4pm), with a p/copying facility. The library currently consists of approx. 25 box files.

Forthcoming deposits -

- an article entitled: 'Tala ilegal en la Zona Reservada del Alto Purus, a lo largo del rio de las Piedras' (untranslated);
- a paper entitled: 'Linking National Agrarian Policy to deforestation in the Peruvian Amazon: A Case Study of Tambopata, 1986-1997.'
- a paper entitled: 'Pattern and process in Amazon tree turnover, 1976-2001.'
- a report entitled: '20 years of Forest change in south-western Amazonia'.
- a paper entitled: 'Increasing biomass in Amazonian forest plots'.
- a paper entitled: 'Concerted changes in tropical forest structure and dynamics: evidence from 50 South American long-term plots.'
- a paper entitled: 'Tropical forests and global atmospheric change: a synthesis.'

Felinwynt Rainforest Centre

The Felinwynt Rainforest and Butterfly Centre, near Cardigan, in Wales is now open until the end of October. The exhibition area focuses on Tambopata and some TReeS merchandise is available in the shop. John and Dorothy Devereux are always very happy to meet any other TReeS members who are visiting the area and visit the Centre. Further details can be obtained from:
www.butterfly.co.uk

We are also very grateful to the late Derek Vaughan, a regular visitor to the Centre, for donating a series of his pictures to raise funds for TReeS.
